

An experience to cherish

FIRST STEP Freshers of Symbiosis Institute of Business Management.

It was a great opening on the first day for the students of Symbiosis Institute of Business Management (SIBM), with top people from the industry coming to speak to them.

Most students were simply bowled over by the warm welcome, the campus and also the treatment given to them by the college authorities.

They were literally raving about the infrastructure provided by the college.

The hostel as well as the college surroundings brought a smile on the faces of these freshers.

Aditya Mandloi says, "I am really impressed with the way my first day went. The infrastructure is awesome. It not only meets our basic needs but is luxurious too. We also get to play many indoor sports. The faculty is also great and I am looking forward to having a great time here."

The faculty seems to be a positive point for these students.

They have 'fallen in love' with a few of them already and have been totally impressed by them.

Nikhil Kumar says, "On my first day itself, I listened to one of the faculty members and felt great. I also met many of my classmates and have be-

"The ambience here is great. I felt very comfortable and warm on my first day itself. I was inspired by Kiran Mazumdar Shaw's speech. I also went around the campus and slowly got used to it."
JYOTHI MAHESHWARI

come friends with them. It's truly an experience to meet many people hailing from different parts of the country."

Approachable people, welcoming nature, big and inspiring talks from people, who have made it to the top of the industry, were just a few things which made most students' first day a memorable one. Jyothi Maheshwari says, "The ambience here is great. I felt very comfortable and warm on my first day itself. I was inspired by Kiran Mazumdar Shaw's speech. I also went around the campus and slowly got used to it."

The fresh batch was not only welcomed by the staff and the college authorities, but also by the alumni of the SIBM.

Most of them were there to offer a piece of advice and make the day lighter and cheerful for these freshers.
